FRESH FOOD MARKET

Gooseberries Fresh Food Market® is your premium solution for fruit and gift baskets. We will customize any of our existing baskets or create a completely new gift basket to your specifications. The possibilities are endless and if we can fit it in a basket, we can make the perfect basket for you. We can customize a wine basket for your holiday table, to give as a gift or to treat yourself. You can select the wine you would like included or we can select a complimentary flavor selection for you.

All of our fruit and gift baskets are made at Gooseberries by our professional staff to create a beautiful presentation. A selection of our baskets are always available to purchase in store. We are able to ship our gift baskets so please ask for pricing. Due to state statute, we are unable to ship baskets with alcohol outside of Wisconsin. Please see our Gooseberries' Exclusively Yours Floral Shop counter for shipping or any custom baskets you would like to design.

We are also featuring a great selection of mouth watering party trays, bakery trays and our lunch selections. These creative trays have been designed by our talented kitchen staff to bring you great tasting appetizers and desserts. Our lunch selections are great for a business lunch at the office or gathering at your house. All of our sandwiches are custom made when you order them.

To give you the Gooseberries' Fresh Experience, most of our items are custom made. We appreciate your pre-orders.

Thank you for choosing Gooseberries Fresh Food Market®.

Hand Made *Fruit Baskets*

All of our fruit baskets use only in-season produce to ensure you receive the best fruit available at the time of your order. The style of baskets may vary. Unlike our competition, all of our baskets are handmade at our location.

Our Bronze Basket features a variety of apples, seasonal oranges, pears, bananas and grapes.
